Coastal Children's Services Adds Pediatric Hospitalist

WILMINGTON – Coastal Children's Services (CCS), is proud to announce the addition of pediatric hospitalist Allison Bean, MD to their practice. She has joined the pediatric hospitalist team and will provide care to pediatric patients and newborns at the Betty H. Cameron Women's and Children's Hospital at New Hanover Regional Medical Center. She will also be providing additional support to the team at Columbus Regional Healthcare System in Whiteville, North Carolina. "The CCS team is thrilled with the addition of Dr. Bean," stated Lauren Gainor, MD, Director for Pediatric and Newborn Services. "This will bring our total to 5 hospitalists, and will increase our ability to care for these patients."

Board Certified in Pediatrics, Dr. Bean completed her residency at St. Louis University, Cardinal Glennon Children's Medical Center in Missouri. She most recently held the position of Pediatric Chief Resident and participated as a member on multiple quality improvement committees throughout her residency, including the No Harm Committee, the Infection Control Committee, the Rounding Improvement Committee and the Nurse-Physician Communication Team. She is a member of the American Medical Association and the American Academy of Pediatrics.

Coastal Children's Services is a pediatric subspecialty group based in Wilmington, NC. The CCS physicians and nurse practitioners work collaboratively with community hospitals, pediatricians and family practitioners to serve children with complex conditions throughout southeastern North Carolina. Their commitment to continuing education, research and innovative care models provide patients with standardized, high quality care. As they continue to grow a network of specialized care providers across the region, they have come to be a trusted source for parents.
